

PINNACLE ZERTEC

VENTED MULTI-IMPACT TESTED HELMET WITH INTEGRATED KORROYD

KORROYD

ZPZK01

The ultimate in multi-impact tested head protection, the Pinnacle Zertec Koroyd's tubular cells which crumple systematically while absorbing maximum force from direct or angled impacts.

The Zertec's lightweight vented construction creates continuous air channelling through Koroyd's open cells pushing hot air away from the head to regulate body temperature while the Sanitized antimicrobial inner textile padding fights odours.

The integration of twICEme allows your vital information to be accessed in an emergency with a tap of a smartphone using NFC.

SIZE: 54 - 62cm

WEIGHT: 445g

LIFESPAN: Up to 10 Years (+5 year shelf life)

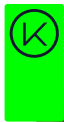

MATERIAL: ABS Advanced Thermo Material Shell exterior, high-density EPS polystyrene, Integrated Koroyd co-polymer engineered core.

CERTIFICATION:

PPE Regulations (EU) 2016/425

EN12492:2012; All parts including; PR4.2.1 (Shock absorption), PR4.1.3 (Retention system, including a chin strap) PR4.2.3.(Retention system strength, Chin strap releases at min. 500 N)

EN 397:2012+ A1:2012; -40°C to +50°C; Protection against impacts at low temperatures (-40°C); Protection against impacts at high temperatures (+50°C)

HYBRID
INDUSTRIAL AND MOUNTAINEERING HEAD PROTECTION

PRODUCT FEATURES

- ABS Advanced Thermo Material vented Shell exterior.
- Integrated Koroyd energy absorption system.
- High-density EPS.
- Integrated twICEme emergency NFC device.
- Sanitized antimicrobial washable inner textile padding.
- Adjustable chinstrap (chin strap releases at min. 500 N).
- Attachment loop for stowage.
- Euro attachment system for hearing and face protection configurations.
- Headlamp clips.
- Ratchet adjustment system.
- Full and half-face direct fitting visors (sold separately).
